

GRAN VINO DE RUEDA

ERESMA CUVÉE ESPECIAL

Only 2,000 vines have participated in the production of this wine, all of them from very old vineyards, located between 700 and 1,000 meters above sea level, with a yield per vine of one and a half kilos.

Its long aging with its own lees stands out to provide our special Cuvée with characteristics that surprise in each glass.

BODEGA Y VIÑEDOS

TASTING NOTE

VISUAL PHASE

Intense straw yellow color with green hues.

OLFACTORY PHASE

A wine with great complexity on the nose, in which fennel and mineral notes. We also find aromas candied, ripe stone fruit and balsamic hints.

TASTE PHASE

On the palate it is powerful, tasty and very elegant.
